

SEE WHAT THE BUZZ IS ABOUT BEE CAVE TEXAS

TWO-DAY ARTS & CULTURE GETAWAY SAMPLE ITINERARY

Pack your bags and head to Bee Cave for a solo trip or weekend with friends to experience the city's growing local art scene, live music by local artists, and an array of trendy bars and restaurants.

Day 1: After checking into your accommodations, head to The Hive, a community arts space at the Hill Country Galleria, where you will find the work of professional artists as well as local students and residents. Just steps from The Hive you'll find numerous Insta-worthy murals and creatively designed benches throughout the Galleria to snap a pic at in-between perusing unique shops. Some of our favorite boutiques include ANVIL + AURA which sells spirited jewelry made by hand in Austin, TX, and Backroads to Oz which features one-of-a-kind metal designs combined with rustic wood accents. Once you've worked up an appetite, head to Vista Brewing for good eats and brews paired with live music showcasing some of the most talented bands, musicians and song writers in the area.

Day 2: Start your day with a relaxing walk through nature at the Bee Cave Sculpture Park, a 7-acre park with trails weaving through a combination of permanent and rotating sculptures, some of the largest Oak trees in the area and a natural spring-fed pond. Cool down inside at Contracommon while browsing one of their rotating exhibitions. The gallery hosts solo and group exhibitions, performances, film screenings and more—featuring studio members as well as emerging artists local to the Austin area and beyond. Grab a mid-day bite to eat at FoliePop's, a unique pastry shop known for its customizable, French-inspired street food. Cap off your day with drinks at Jules Design Bar which combines art and drinks under one roof with their elegant cocktails, stylish interior furnishings and retail selections.
